

Thornbury and District Museum

A message to all our visitors and volunteers.

We regret that, due to the Coronavirus (Covid-19) outbreak, we have to close the museum for the time being.

We recognise the need to protect both our visiting public and our volunteers.

Our three museum groups (the [Research Group](#), the [Geology Group](#) and the [Archaeology Group](#)) have also cancelled all meetings until further notice.

We will continue to respond to emails to enquiries@thornburymuseum.org.uk.

We will post news and updates on our website www.thornburymuseum.org.uk and our [Facebook page](#), which can also be reached from our website.

We will keep our current exhibitions in place until we reopen, so there will be second chances to see them later on.

We really want to keep the museum alive and be prepared for a full return to service as soon as possible. Stay with us!
